ANNUAL REPORT

OF THE

Indiana State Soldiers' Home

FOR THE

Eleven Months Ending September 30, 1907.

TO THE GOVERNOR.

INDIANA STATE SOLDIERS' HOME, October 1, 1907.

Hon. J. Frank Hanly, Governor of Indiana:

SIR:—The Board of Trustees of the Indiana State Soldiers' Home herewith respectfully submits its annual report for the year ending September 30, 1907, showing the condition of the Home, the receipts and expenditures thereof, number of members and how they are cared for, together with such suggestions and recommendations as the Board has thought proper.

The institution is still greatly in need of quarters. At present there are applicants for admission upon the waiting list who cannot be provided for until the completion of the new hospital and re-arrangement of the old building, now the hospital, making additional rooms.

Miami County has under construction a cottage to accommodate twenty persons, which when finished together with the increase of rooms in the old hospital building will furnish additional quarters for about 125.

The last legislature appropriated the sum of $50,000 for a hospital which is now under construction; also the sum of $6,000 for a cold store room and ice plant; also the sum of $3,000 for a water tank and tower; $10,000 for an electric lighting plant; $6,500 for a trunk sewer, which is now completed; $4,000 for painting and repairs, and the sum of $1,000 for copper wire and poles in connection with the lighting plant. These various sums are being expended for the purposes indicated, and the work is being pushed as rapidly as possible.

The physical and sanitary conditions at the Home at this time are as nearly perfect as they can be made. For further information statistics, etc., the Board refers to the reports of the commandant, adjutant, and surgeon hereto attached, marked Exhibits "A", "B" and "C" and made a part hereof.

Respectfully submitted,

W. S. HAGGARD, President.
E. F. RITTER, Vice-president.
L. B. FULWILER, Secretary.
J. W. RINEAR, Treasurer.

COMMANDANT'S REPORT.

INDIANA STATE SOLDIERS' HOME, October 1, 1907.

To the Board of Trustees Indiana State Soldiers' Home:

Gentlemen—In compliance with the statutes I have the honor to transmit herewith the statistical report of the Indiana State Soldiers' Home for eleven months ending September 30, 1907.

Respectfully submitted,

RICHARD M. SMOCK,
Commandant.

ANNUAL REPORT

OF THE

Indiana State Soldiers' Home

FOR THE

Fiscal Year Ending September 30, 1908.

REPORT OF BOARD OF TRUSTEES.

INDIANA STATE SOLDIERS' HOME, September 30, 1908.

Hon. J. Frank Hanly, Governor of Indiana:

Sir—The Board of Trustees of the Indiana State Soldiers' Home respectfully submits herewith its annual report for the year ending September 30, 1908, showing the condition of the Home, receipts and expenditures, number of members and how they are cared for, together with suggestions and recommendations concerning the institution.

The first great need of the institution is more quarters, to accommodate a large number of applicants now on the waiting list amounting to more than 200, which would involve the expenditure of at least $40,000. Further needs are set out in the Commandant's report hereto attached.

The physical and sanitary conditions at the Home for the past year have been very satisfactory, in fact more so than for any other period of twelve months in the history of the institution.

For detailed information, suggestions, recommendations and statistics, the Board respectfully refers to the approved reports of the various officers of the Home hereto attached and made a part of this report.

Respectfully submitted,

WILLIAM S. HAGGARD,

President of the Board of Trustees of the Indiana State Soldiers' Home.

COMMANDANT'S REPORT.

To the Board of Trustees Indiana State Soldiers' Home:

Gentlemen—I have the honor to submit herewith my report for the year ending September 30, 1908, and also the accompanying reports of the Adjutant and Surgeon.

For information in detail as to the membership of the Home, receipts and disbursements for the year, the condition and work at the Hospital and in the Medical Department, and the affairs of the Home during the past year, I call your attention to said reports.

The driveway to the cemetery has been widened and regraveled, and the sides or slopes of the road sodded.

The steel bridge spanning the ravine has been repaired by putting in new concrete piers. A new section in the cemetery has been platted into lots, and is now in use.

With the specific appropriations made by the last General Assembly the following improvements have been made:

New hospital of fifty-three rooms now completed and ready for occupancy.

Ice plant, with a capacity of two and a half tons of ice every twenty-four hours, cold storage rooms sufficient for the camp's use.

One 200-horsepower engine, two boilers of 200 horsepower each, and one dynamo have been installed in the power-house, giving ample boiler capacity to properly heat and light the entire camp.

A new trunk line sewer has been constructed from the brow of the hill east of the old hospital to the main kitchen, and a lateral sewer from there to the laundry.

New electric light poles have been put up and new heavy copper wire strung from the power-house to all parts of the camp, furnishing splendid light.

Steam pipes have been extended from the main steam line to the new hospital, with sufficient capacity to properly heat the entire building.

The executive building, restaurant, barn, and five two-story frame cottages and six one-story frame cottages have been repainted, and ten cottages, large and small, have been reshingled and the gutters repaired.

A new, commodious brick kitchen has been added to the old hospital, the dining-room enlarged, and the large wards in the building have been partitioned into rooms, new bathrooms, toilet and lavatories added, and hardwood floors laid throughout the entire building, and many minor changes made to better the sanitary condition of the building.

A new steel water tank, equal in size and capacity to the old one, has been erected. This will afford ample water supply for the entire camp and add to its safety in case of fire.

No additional cottages have been erected during the past year, although they are greatly needed. The camp has never been in as good a sanitary condition as now. The new trunk line sewer and repairs to buildings and care of the grounds has brought this result.

Each year brings to the membership of the Home men and women of advanced age and increasing disabilities. Notwithstanding this fact, the discipline of the Home has steadily improved, and a feeling of contentment and good order pervades throughout the camp. Church services are well attended and an interest shown in religious matters. Rev. F. M. Cones, the Home Chaplain, has charge of these services, and is earnest and efficient in all his work.

The demands upon the Home for membership are steadily increasing. We are able now to care for only a little over two-thirds of our enrollment. We need a building or buildings for the civilian employes who are now occupying cottages and rooms that were intended for members of the Home. Each year will add to the number of civilians who will have to be employed to take the places of members who are unable to work. In addition to this building, there should be a building of not less than twenty rooms, with bath, toilet and lavatories, for the use of the girls who are in the Training School for Nurses. They should not be housed in the hospital building, as they are now.

The next General Assembly should make specific appropriations for additional buildings for old people; sodding and cement work; an addition to the kitchen of the main dining hall; greenhouse; coalsheds at the power-house of sufficient capacity to enable us to put in the coal before cold and bad weather sets in; for painting and repairs; many of the cottages, including the Chapel, will need new roofs and gutters. The old commissary building should be remodeled and fitted up for the Library and Memorial Hall, where the oil paintings that the Home has could be preserved. An appro-

priation should also be made to properly frame them. An appropriation should be made for fire-escapes at the new Widows' Home and the Old Men's Building.

Memorial Day was properly observed, as it always is here, and the graves of all persons buried in the Home cemetery were decorated.

I wish to render to the Board of Trustees, officers and employes my appreciation of their uniform kindness during the past year.

Respectfully submitted,

R. M. SMOCK,
Commandant.

ADJUTANT'S REPORT.

Col. R. M. Smock, Commandant:

Sir—I submit herewith a report showing the financial transactions of the Indiana State Soldiers' Home for the year ending September 30, 1908; also one showing the changes in population and other data in relation to the membership of the Home for the same period.

Very respectfully,

D. B. KEHLER,
Adjutant and Quartermaster.

SURGEON'S REPORT.

Col. R. M. Smock, Commandant:

Dear Sir—I herewith submit my report of the Medical Department of the Indiana State Soldiers' Home, for the fiscal year ending September 30, 1908:

During the last year many substantial improvements have been made in the old hospital, and the new one has been completed for the reception of patients, giving us 150 beds in the old and new combined.

During the months of January, February and March there was an epidemic of lagrippe in the Home that added very much to the usual sickness due to age and chronic diseases. Yet we are pleased to say not a death or sequella resulted from that epidemic.

Harmony prevails in the department, the motto being the best endeavor by each one, and in all our dealings with every one kind words and deeds.

On behalf of all the members of the department, I extend to you and all of the officers and members of the Home our thanks for the many courtesies and expressions of appreciation.

The following are the present members of the staff, Training School for Nurses, the lecturers for the same during the last year and a summary of the work done.

Respectfully submitted,

WARREN R. KING,
Chief Surgeon.

The Board of Trustees of the Indiana State Soldiers' Home submits herewith its annual report for the year ending September 30, 1909. The reports of the commandant, adjutant and surgeon give a complete summary of the movement of the population, receipts and expenditures and other information in regard to the institution. The great need of the institution is for more room for its members. With a normal capacity for about 900, it now has a daily average of over 950 members. About 250 applications have been approved, the applicants being worthy and needy, all old, many sick, a number suffering from diseases and wounds contracted during their service in the army, and yet we cannot take them in for want of room. The membership will probably increase for the next five years, and quarters should be provided for at least 500 more.

The appropriation for maintenance was raised by the last legislature from $12.50 per capita per month to $16 per month, which is certainly ample for all needs in the way of maintenance.

On May 1st a change was made in the office of commandant, the Hon. W. S. Haggard being selected to succeed Col. R. M. Smock,

whose term of office had expired. Under the management of Colonel Haggard the affairs of the Home are carefully and judiciously administered and many improvements made.

Respectfully submitted,

A. C. McCORKLE, President.
M. W. COLLETT, Vice-President.
LOUIS B. FULWILER, Secretary.
JOHN W. RINEAR, Treasurer.

COMMANDANT'S REPORT.

To the Board of Trustees, Indiana State Soldiers' Home:

Gentlemen—I have the honor to transmit herewith, in compliance with the statutes, the statistical report of the Indiana State Soldiers' Home for the twelve months ending September 30, 1909.

Respectfully submitted,

W. S. HAGGARD,
Commandant.

REPORT OF CHIEF SURGEON.

Col. W. S. Haggard, Commandant, Indiana State Soldiers' Home:

Dear Sir—I submit herewith my report of the medical department of the Indiana State Soldiers' Home for the year ending September 30, 1909.

There have been but few cases of acute disease in the Home during the last year, but quite an increase of debility and disease due to age. The hospital at this time is full. However, some of the occupants are custodial. Yet the relative number is about the same as in former years.

During the month of December last smallpox broke out in the family of Allen Cardinal, the engineer at the power-house, and in one room of the Miami cottage. By rigid quarantine and prompt vaccinations, Dr. Morgan, the camp surgeon, prevented further spread of the disease in the Home.

Harmony has prevailed in this department, each striving to do his assigned duty faithfully and well.

Respectfully submitted,

WARREN R. KING,
Chief Surgeon.

ANNUAL REPORT

OF THE

Indiana State Soldiers' Home

For the Year Ending September 30, 1910.

Hon. Thos. R. Marshall, Governor:

Sir—The Board of Trustees of the Indiana State Soldiers' Home submits herewith its report for the year ending September 30, 1910.

The reports of the commandant, adjutant and surgeon give a complete summary of the movement of the population, receipts and expenditures and other information concerning the institution.

The pressing need of the institution is for more room to accommodate deserving applicants for admission. With a normal capacity for 1,075, it now has a membership of 1,430; besides, it is necessary to provide quarters for 50 to 60 civilian employes. More than 300 applications have been approved that have to wait for room. It is probable that the demand for admission will increase for the next several years, requiring quarters for at least 500 more.

The statutes of 1895 excluded wives and widows, married after that date, from becoming members of the Home, but a later statute opened the door to wives and widows without regard to the date of marriage. This has worked an injustice to many of the older wives and widows of veterans, and to widowers and single men who served in Indiana military organizations in the Civil War, compelling the latter to apply to the National Home, very much against their wish. This makes it possible for some women to marry veterans, eligible to membership in the institution, for the purpose of having a home here.

During the past year many needed improvements have been made in the administration under the superintendency of Colonel W. S. Haggard, who has performed his duties with care and fidelity.

Respectfully submitted,

A. C. McCORKLE, President.
M. W. COLLETT, Vice-President.
LOUIS B. FULWILER, Secretary.
JOHN W. RINEAR, Treasurer.

COMMANDANT'S REPORT.

To the Board of Trustees, Indiana State Soldiers' Home:

Gentlemen—I have the honor to transmit herewith, in compliance with the statutes, the statistical report of the Indiana State Soldiers' Home for the twelve months ending September 30, 1910.

Respectfully submitted,

W. S. HAGGARD,
Commandant.

ANNUAL REPORT

OF THE BOARD OF TRUSTEES INDIANA STATE SOLDIERS' HOME FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 1911.

To the Governor

Hon. Thomas R. Marshall, Governor:

The Board of Trustees of the Indiana State Soldiers' Home respectfully submits the report for the fiscal year ending September 30, 1911:

The population of the Home has not materially changed for several years, the average of the total membership being in the neighborhood of 1,400 and the average attendance being about 940, the full capacity of the institution. As no further buildings for quarters are in expectation, it is very probable that the above averages will remain unchanged for years to come.

The loss by death of Col. W. S. Haggard, late Commandant, coming as it did when he was apparently in the full vigor of manhood with an expectancy of many more years of life, was a shock to the community and a loss to the Home. Fortunately in Capt. Daniel B. Kehler, the Adjutant, the institution possessed one qualified to fill any position, through his official experience in the Home, and he was promptly promoted to the position of Commandant.

There is not much probability of counties of the State coming forward to build cottages for the housing of the members, and a still less expectation of the State appropriating for quarters.

The reports of the Commandant, Adjutant and Surgeon-in-Chief, herein, will give a complete history of the institution during the year.

Respectfully submitted,

M. W. COLLETT, President.
A. C. McCORKLE, Vice-President.
LOUIS B. FULWILER, Secretary.
JOHN W. RINEAR, Treasurer.

COMMANDANT'S REPORT.

To the Board of Trustees, Indiana State Soldiers' Home:

Gentlemen—Herewith please find the financial and population reports of the Adjutant and report of the Surgeon of the Home for the year ending September 30, 1911. Also such other statistical information as is required by the statute and rulings.

Respectfully submitted,

D. B. KEHLER,
Commandant.

ANNUAL REPORT

OF THE INDIANA STATE SOLDIERS' HOME FOR THE YEAR ENDING SEPTEMBER 30, 1912.

Hon. Thomas R. Marshall, Governor of Indiana:

Sir—The Board of Trustees of the Indiana State Soldiers' Home respectfully submits herewith its annual report for the fiscal year ending September 30, 1912:

Since its last biennial report there has been erected upon the grounds of the Institution a beautiful and suitable building as a "Nurses' Home," within the amount appropriated for that purpose. Two new steam boilers have replaced the pair in the heating plant condemned by the last visiting committee, and the same are now ready for use.

The many cottages upon the grounds, being of frame construction and well advanced in years, require a larger appropriation by the Legislature to pay for repairs and painting and keeping the buildings in good and habitable condition.

The condition of the Home physically and sanitarily, is better than at any time since its establishment.

The buildings for housing members are now filled to their capacity and the roll of applicants waiting for admission continues to grow. As there does not seem to be any enthusiastic disposition to appropriate any more money for such buildings by those holding the purse strings of the State treasury, the Board will continue to do all in its power to comfortably care for the present number of the membership.

The statistical portions of this report and well-meant suggestions will be found in the report of the Commandant, Adjutant and Chief Surgeon, attached hereto as a part hereof.

Respectfully submitted,

M. W. COLLETT, President.
A. C. McCORKLE, Vice-President.
LOUIS B. FULWILER, Secretary.
JOHN W. RINEAR, Treasurer.

2—31509

COMMANDANT'S REPORT.

To the Board of Trustees:

Herewith is submitted the annual report of the Indiana State Soldiers' Home for the year ending September 30, 1912.

The Adjutant's population report shows a loss of 39 in the average daily membership over the preceding year, 30 men and 9 women. The average for 1911 was 898, while for 1912 it was 859.

As the county cottages and many of the other buildings are needing more repairs every year, it is suggested that an increase in the amount appropriated for repairs and painting be asked of the Legislature.

The experience of the last year has shown the absolute necessity, in the interest of economy, of providing a building for storing a sufficient supply of vegetables to last through the winter months, and the same is true of coal. The present coalbins will only hold enough to last from six to eight days in extremely cold weather. One month's supply should be in store during the winter months. With enlarged coalbins there should be a crusher, as there are times when it is impossible to get slack coal.

The old coating of gravel put on the streets soon after the Home was opened, is worn out in many places, and in the spring, or after a long continued period of rain, the streets are almost impassible at times. A comprehensive and harmonious system of street improvement should be adopted and an appropriation to cover its cost be asked of the Legislature.

Larger water-pipes are needed to many of the buildings, as the present supply will not reach the second story in sufficient quantity for the needs of the members.

With the increasing infirmities of the members comes an increases in the cost of properly caring for them. Work in all departments that in the past was largely done by members at a nominal expense, must now be done by outside help at an increased cost.

Respectfully submitted,

D. B. KEHLER,

Commandant.
